5 Preferred option for decision by the EPA

Assess - Public environmental review

6 What are the reasons for your preferred option for decision of the EPA?

Reasons:

1. The high level of public interest.
2. The increased human impact on the Ningaloo Marine Park
3. The incompleteness of environmental baseline in the area.
4. The sensitivity of the Cape Range environment to disturbance.
5. The presence of Priority Flora in the development envelope and a 5 km buffer around the development buffer.
6. The cumulative impact of development on the local and regional environment.
7. The need for greater management resources as a consequence of the expansion of the tourism industry in the Exmouth region.
8. The development corridor that will result through access to the area provided by a new road.
